thousand five hundred (3,500) seat riding and exhibition arena and a total of 13,000 square feet of multi-use event space, as well as a café and wine bar open during horse show events.

LAEC, Inc. operated the equestrian center under a concession agreement since May 1990 under a twenty-five (25) year contract term. Under the terms of the agreement, LAEC Inc. oversaw all services, including: boarding, hosting horse shows and equine competitions, facility and horse barn maintenance, horse riding rentals and instruction, commercial filming coordination and the hosting of banquets, exhibitions, social and business meetings.

On May 5, 2022 the Board of Recreation and Park Commissioners (Board) approved issuance of a ninety-day termination notice to LAEC, Inc. and a two-year interim agreement with a one-year extension option (BR 22-114) for ASM Global, Inc. (ASM) to assume the management and operation of LAEC utilizing a management model similar to that of the Greek Theater, which is managed by SMG, a subsidiary of ASM. In June 2022, RAP issued a ninety-day termination notice to LAEC, Inc. The notice was contested by LAEC, Inc. and litigation was initiated.

LAEC, Inc. continued operating the facility while litigation was ongoing. After a court trial, a Superior Court judgement ruled in the City's favor and determined that the original contract terms were not renewed and that the set term expired after twenty-five years, in May of 2015. LAEC, Inc. thereafter vacated the premises on January 31, 2024. ASM assumed full operational management of the facility on February 1, 2024. A City Council-approved settlement allowed RAP to assume ownership of the facility's vehicles, equipment, furniture and fixtures throughout the administrative offices, banquet and kitchen facilities and the grounds housing the equine stables, offices and arenas.

Under the terms of the interim agreement with ASM, ASM is charged with the following: maintenance of the facility and grounds; developing horse rental operations; determining best strategies for ensuring continuity of service to current boarders, trainers and sub-tenants; improving the show arenas and coordinating the horse show, general event, banquet and social event calendars; and identifying capital improvement needs, service enhancements and addressing any fire life safety concerns.

In preparing an operational budget for LAEC for the calendar year 2026, RAP staff noted that the operating costs of LAEC would exceed the amount of revenue to be collected during the year by approximately \$1,800,000. RAP staff is recommending allocation of a portion of the shortage as a Request for Proposal (RFP) to award a long term concession agreement is under development.

RAP staff is recommending that funds be made available to ASM (through the actions of this Board report) for the continued operation of LAEC for calendar year 2026.
