

THE VENICE FLYING CAROUSEL
Seeking Installation within its Secure Pavilion in
Venice of America Centennial Park

Thank you and congratulations to **Adon Pulido**, **Sonya Young-Jimenez** and all of RAP for orchestrating a fabulous, enormous, VENICE LOVE FEST March 12, 2026.

The Venice Flying Carousel is proud to have been a part of the event. The community loved it. Please see typical posts, below:

carpoljan Can not put in words how much i love this fun-able fantastic work of art.. A masterpiece of talent and love for the children ~pure delight.

“It looks to me like an amazing contribution to the community and our park system.”

Robert Vinson, President, Cultural Affairs Commission, December 2025 meeting

Council Member Traci Park expressed her enjoyment of the Carousel. She asked about our proposed pavilion in Centennial Park.

REQUEST: Would RAP please set-up a meeting for the Carousel Corp to review our building plans with the LA Department of Building & Safety or whomever is needed to move the project forward?

ADOPT A PARK: In addition to installing and operating the self contained, fully insured, Cal/ OSHA permitted Carousel in its secure pavilion in Centennial Park, the Carousel Corp offers to fund additional amenities in the park including a playground, butterfly garden and trees, as requested by motions of the Venice Neighborhood Council.
